iliana emilia García & Scherezade García:
Landed

June 5th – September 6th, 2025

Reception with the Artists: June 5th, 5:00-8:00 PM

Hutchinson Modern & Contemporary (HM&C) is pleased to announce ***Landed***, an exhibition of works by Dominican-born sisters *iliana emilia García* and *Scherezade García*. Opening Thursday, June 5th, a reception with the artists will be held at the gallery from 5:00-8:00pm. An online Study Room at [Hutchinsonmodern.com](https://hutchinsonmodern.com) will accompany the show, offering an in-depth exploration of the García sisters' artistic practices.

Landed is the first exhibition of *iliana emilia* and *Scherezade* at HM&C. The show will feature sculptures and works on paper, ranging from 1999-2025, as well as a new installation *La salita* (2025)—the first artwork that they collaboratively produced—drawing from memories of a cherished creative space that they shared in childhood.

Landed brings viewers into a place of evocative encounters generated by the confluence of peoples and ideas, both past and present. *iliana emilia* and *Scherezade* employ distinct symbolic vocabularies, palettes, and mediums; yet their commonalities are rich and binding. They share family, transnational and multicultural experiences, geographies, and a preoccupation with the way in which personal storytelling, visual memory, and traditionalist history can coalesce to influence and even decolonize the future. Their unique approaches to these topics generate works that are dynamic and adaptable.
